Program Enhancements

12.01 Millennium Fund Request: Provides funding from the Millennium Fund for continuation of the Tobacco Prevention and Cessation Program. Tobacco is the leading cause of premature disability and death among Idaho residents. The Public Health Districts provide a comprehensive continuum of services available to Idaho residents ranging from primary prevention to effective cessation options. Services are available to all Idaho residents, although pregnant women and youth are target populations. These critical programs have been possible due to the Millennium Fund appropriations received.
